What happened in Canada is more than a political controversy — it's a spiritual battle playing out in real time. In this urgent Daystar message, Sean Feucht shares his shocking experience as nine of his eleven peaceful worship events across Canada were suddenly shut down, despite having all the required permits.

While drag queen story hours and pride parades were allowed to continue freely, Christian worship gatherings were targeted and blocked under false claims of "health and safety." Sean calls this what it truly is: an antichrist spirit that hates Jesus and the public worship of His name.

This battle is not just about Canada — it's a warning to America and the nations. If believers stay silent, the same demonic agenda will infiltrate governments, laws, and courts to silence Christians everywhere. Sean issues a passionate call for the Church to rise up, pray, and get involved in every sphere of influence — from politics and law to education and media.

Watch this prophetic conversation and learn how you can take your stand in this end-time battle. Revival is coming, but only if God's people boldly resist the forces of darkness seeking to control our future.

Like, comment, and share this video to spread the word and encourage other believers to stay strong and courageous in these last days.

It is written, “Beloved, do not be surprised at the fiery trial when it comes upon you to test you, as though something strange were happening to you. But rejoice insofar as you share Christ's sufferings, that you may also rejoice and be glad when his glory is revealed. If you are insulted for the name of Christ, you are blessed, because the Spirit of glory and of God rests upon you.”

As Christians we just need to remmber John 15:18 If the World Hates You,You know that it Hated ME before it Hated You. or John 15:19. If You were of the World , the World would Love it's own. Yet,because You are not of the World, but I Chose You out of the World, therefore the World Hates You.

Christians rise up and take your territory and reign, in good moral values. God is good.

Could the female host please stop talking over the guest, this is information we want to hear but it is hard to do so. Constructive suggestion here.
